On the River

18' CENTER FRAMES

The backbone of our fleet, these do-it-all boats double duty as gear barge and an extremely comfortable lounge boat.

INFLATABLE KAYAKS

Tackle the river on your own terms when you decide to captain an inflatable kayak (ducky). Of course, mamma duck is never far away.

PADDLE BOAT

This is where the memories are made – paddling in tandem with you favorite people (usually with some tall tales thrown in).

SHREDDER

This agile little catamaran is perfect for punching stout whitewater or just getting some quality couple time paddling together.

FISHING BOATS

Our fishing fleet is comprised of specialty-built Stream Techs. These boats feature bow and stern swivel seats, stable casting braces, and are incredibly maneuverable.

SWEEP BOAT

Black Betty is a 26 foot, custom-built sweep boat. Arguably the sleekest craft on the river, she's a gear-hauling machine and a beauty to watch.
